About Us

The Puget Sound Health Care System with the Department of Veterans Affairs provides a wide variety of vocational services for eligible Veterans. One of these services is called Puget Sound Veterans Employment Services, which is designed to connect Veterans to employers.

Puget Sound Veterans Employment Services works closely with employers and Veterans in order to find the ideal job match.

In order to deliver consistency and high service levels we have dedicated Employment Specialists trained to locate and screen suitable Veterans for your agency. The Employment Specialists can also continue to provide retention services when needed in order to ensure stability.

Benefits to the Employer

- Veterans are prescreened in order to determine their skills and abilities.
- In most cases our Veterans already have Healthcare coverage by the VA.
- Our services are available for full time, and part time employment.
- The Employment Specialist can provide retention services if needed.
- Possible Work Opportunity Tax Credit (WOTC) eligibility, which offers an incentive to hire the Veterans that work with the Puget Sound Employment Services Program.
